a true work of art

As striking as it is beautiful, our Acacius Coffee Table combines reclaimed wood with weathered metal—creating a unique centerpiece for your home's gathering space. To craft Acacius' one-of-a-kind, mixed-material styling, Mexican artisans leave panels of solid iron outside to naturally oxidize. Then, each piece of metal is moulded around the natural shape of wood veneers from ethically salvaged yuca trees. Every Acacius is a true work of art that celebrates the beauty of natural materials, and no two are exactly alike.

product details

- ▶ Handcrafted in Mexico using carefully procured veneers from reclaimed yuca trees.
- ▶ Metal accents are handcrafted from panels of iron that are left outside to naturally oxidize, giving them an authentic, weathered patina. Each piece is moulded around the unique shape of the wood veneers.
- ▶ Due to their handcrafted nature, metal surfaces feature small dimples and other features—as a result of the finishing process—which add one-of-a-kind character to each piece.
- ▶ Hand-applied finishes are weathered and coated with polyurethane for added protection.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.
