## Inspired by vintage Parisian club chairs,

Inspired by vintage Parisian club chairs, our Alex Collection mimics the chic, sophisticated seats that peppered French parlors during the 1920s. Classic high-backed silhouettes are luxuriously upholstered in our premium, aniline-dyed leather or handsome, menswear-inspired fabric for timeless style and charm. Swivel and reclining chairs house durable steel mechanisms, which move effortlessly. A simple pushback motion allows either semi- or fully reclined positions.

### product details

- ▶ Selected from the highest quality hides in the world, our artisan-crafted leathers are hand-finished to accentuate their natural color and grain, while preserving features that make each piece unique.
- ▶ Craftsman-built frames are constructed using solid, reinforced hardwood for lasting strength and superior stability.
- ▶ Tapered legs are fashioned from solid poplar.
- ▶ Made in America—this collection was handcrafted by upholstery artisans in North Carolina.
- ▶ Arhaus upholstery is made using wood certified by the Sustainable Forestry Initiative.
- ▶ Frames feature eight-way hand-tied, recycled-steel springs beneath seat cushions for comfortable, evenly dispersed support.
- ▶ Backrests are cushioned with soft poly-fiber padding sustained by flexible webbing for resilient support and stability.
- ▶ Seat-cushion cores contain flexible, interconnected recycled-steel coils, which provide additional support and continuous comfort.
- ▶ Cushion cores are made with dense, eco-friendly foam made partly from sustainable, plant-based material.
- ▶ Seat cushions are padded with sterilized down, feathers, and poly-fiber to create a relaxing, "sink-into" feel.
- ▶ Cushions are wrapped in cotton, down-proof casings to maintain their shape. Channel-stitching keeps padding in place for added resilience.
- ▶ Reclining chairs are also available with swivel mechanisms by special order.
- ▶ Solid steel reclining mechanisms are made in America and bolted to frames for lasting strength and reliability.
- ▶ Effortlessly reclines with a simple push-back motion into either semi- or fully reclined position.
- ▶ Please allow 2'-3' of clearance behind the recliner to properly recline.
- ▶ Keep our furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.
