defining neoclassical details and handcrafted finishes

With its vintage silhouettes and artisan-applied finishes, our Athens collection will infuse your space with the ambiance and sophisticated charm of an old English library. Classically styled accents, hand-carved trim, and solid, wood panels are carefully designed to accentuate traditionally assembled shelves and cabinetry. Each of these room-defining displays and storage pieces is perfectly constructed to create the illusion of custom-made, built-in millwork complemented by contemporary functionality to accommodate your every need.
