## PRODUCT DETAILS

- + This collection is available by special order in our SEAQUAL-Certified Fabric Collection, made from Upcycled Marine Plastic. Visit a store or call 866.427.4287 to learn more.
- + Expertly upholstered in easy-to-clean, soft yet durable Performance Fabric or Crypton<sup>®</sup> Home Performance Fabric—engineered with stain-, odor-, and moisture-resistant technology in every fiber.
- + Crypton<sup>®</sup> Home Performance Fabrics are recyclable and sustainably certified—free of harsh chemicals and halogenated flame retardants.
- + Frames are craftsman-built in America using cross-directional hardwood laminate certified by the Sustainable Forestry Initiative.
- + Frames feature a no-sag, recycled-steel, sinuous support system beneath seat cushions for evenly dispersed, firm yet flexible comfort.
- + Backrests are filled with premium memory fibers for maximum loft, comfort, and long-lasting resiliency—with foam and flexible webbing for support and stability.
- + Seat-cushion cores contain flexible, interconnected recycled-steel coils, which provide additional support and continuous comfort.
- + Cushion cores are made with dense, eco-friendly foam made partly from sustainable, plant-based material.
- + Seat cushions are padded with sterilized down, feathers, and poly-fiber to create a relaxing, "sink-into" feel.
- + Cushions are wrapped in cotton, down-proof casings to maintain their shape. Channel-stitching keeps padding in place for added resilience.
- + Sectional components are held together by connectors to prevent shifting.
- + Due to the relaxed nature of Beale's frame, slight wrinkles in its fabric may occur, adding to its casual and comfortable look.
- + Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.
