Wood

## a dramatic showstopper thousands of years in the making.

Boracay occasional tables are meticulously crafted by Filipino artisans from rare century marble, grey marble, or petrified wood veneers. These highly valued materials develop unique patterns and natural coloring over centuries in remote regions of the volcanic Philippine archipelago. Our artisans select each piece by hand, shape and polish every tile, and place them, one-by-one into our mosaic tabletops. Completed surfaces are lacquered for added protection and paired with complementing metal bases to bring true natural wonder to your space.

### product details

- ▶ Century Marble tabletops are crafted using century marble veneers. Highly valued for its contrasting, golden mineral streaks and veins, this ivory-colored marble is the result of an uncommon geological occurrence, in which tremendous pressure fractures the rock, allowing other minerals to fill the resulting voids.
- ▶ Petrified Wood tabletops are crafted using petrified wood veneers cut from lengths of fossilized trees, which were buried under layers of mud and ash for untold years. Each stone slice boasts shades of brown and black accentuated by the wood's natural grain.
- ▶ Grey Marble tabletops are crafted using grey marble veneers. Featuring natural variances in color, shape, pattern, and texture with unpredictable veining and mineral streaks that add character and one-of-a-kind history to each piece.
- ▶ Hand-picked materials are sustainably sourced in compliance with Philippine Environmental Regulations.
- ▶ Tabletops are hand-finished, buffed, and polished to accentuate the materials' natural colors, patterns, and textures.
- ▶ Metal table bases are finished, buffed, and polished by hand to accentuate the accompanying tabletops.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Stone pieces may display natural mineral deposits, swirling, joint lines, veining, or other features that will add character to your piece without affecting its quality or performance.
- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations
