## surround yourself in comfort.

Our luxuriously crafted Brooklyn Recliner is artfully designed to exude comfort wrapped in classic, sophisticated styling. This generously proportioned chair features fully aniline-dyed leather upholstery, finished by hand to accentuate its natural coloring and unique texture. Rows of nailheads add a touch of stately ornamentation, while pleats and matching welts further emphasize each plush curve. A reinforced hardwood frame, standing on solid, hand-turned maple legs, features a firm yet flexible support system. And, the reclining mechanism allows you to sink back with one luxurious movement.

### product details

- ▶ Solid, maple wood legs are hand-turned, hand-finished and feature solid steel casters.
- ▶ Aniline leather is dyed for intense color and distinct texture.
- ▶ Leather is finished to accentuate natural grain, shading and unique features.
- ▶ Arms and chair back are accentuated by pleating and rows of hand-applied gunmetal grey nail heads.
- ▶ Craftsman-built frames are constructed using solid, reinforced hardwood for superior stability.
- ▶ Arhaus upholstery is handcrafted by artisans in North Carolina, using wood certified by the Sustainable Forestry Initiative.
- ▶ Frames feature a foam-padded, no-sag, sinuous support system beneath seat cushions and backrests for evenly dispersed, firm yet flexible comfort.
- ▶ Seat-cushion cores consist of dense, eco-friendly foam wrapped around flexible coils, which provide additional, continuous support.
- ▶ Down, feather, and poly fiber padding creates relaxing sink, and cotton, down-proof casings maintain cushion shape.
- ▶ Both seat and back cushions are channel-stitched to keep padding in place for added resilience.
- ▶ Effortlessly reclines with a simple push-back motion into either semi- or fully reclined position.
- ▶ Reclining mechanisms are made from solid steel for lasting reliability.
- ▶ Please allow 2'-3' of clearance behind the recliner to properly recline.
