comfortably functional

Cleverly designed for modern seating arrangements, our Butler Ottomans take advantage of plush upholstered surfaces to make the most of your living space. Accompanied by generously sized wooden trays, these simple yet stylish ottomans double as coffee tables, providing you and guests a place for coffee or cocktails. Wood frames are craftsman-built in North Carolina, featuring solid maple legs, lower shelving, and one or two matching trays. Upholstered tops are fitted in expertly tailored fabrics and padded with dense, eco-friendly foam for sink-into comfort.
