## exuding casual elegance

with subtle hints of modern design, our Desmond collection's classically constructed silhouettes are fitted in chic fabrics and craftsman-built using sustainably sourced, kiln-dried hardwood. Perfect when used in pairs, this truly versatile lounge seating with simple, sleek lines will blend seamlessly with your décor and fits either traditional or contemporary settings. Compact frames provide a burst of style that can be easily placed even in the tightest spaces.

### product details

- ▶ Craftsman-built frames are constructed using solid, reinforced, laminate hardwood for lasting strength and superior stability.
- ▶ Made in America—this collection was handcrafted by upholstery artisans in North Carolina.

 Arhaus upholstery is made using wood certified by the Sustainable Forestry Initiative.

 Frames feature a recycled-steel Flexolator suspension system beneath seat cushions for evenly dispersed, firm yet flexible comfort.

- ▶ Backrests are sustained by flexible, sinuous springs for resilient support and stability.

 Cushion cores are made with dense, eco-friendly foam made partly from sustainable, plant-based material.

- ▶ Seat cushions are padded with sterilized down, feathers, and poly-fiber to create a relaxing, "sink-into" feel.

- ▶ Cushions are wrapped in cotton, down-proof casings to maintain their shape. Channel-stitching keeps padding in place for added resilience.

- ▶ Keep your furniture looking its best. Visit [arhaus.com](http://arhaus.com) or speak to any Arhaus Design Consultant for care recommendations.
