stunning seaside-inspired seating

Create a unique, luxurious sitting area with our Fenwick Collection. Featuring softly sloped arms, generous upholstery, and a hand-tufted seat, Fenwick is built by upholstery artisans in North Carolina. Tall tapered, solid wood legs are hand-finished in complementing natural tones, creating Fenwick's subtle seaside aesthetic.

product details

- ▶ Craftsman-built frames are constructed using solid, reinforced hardwood for lasting strength and superior stability.
- ▶ Made in America—this collection was handcrafted by upholstery artisans in North Carolina.
-  Arhaus upholstery is made using wood certified by the Sustainable Forestry Initiative.
-  Frames feature a no-sag, recycled-steel, sinuous support system beneath seat cushions for evenly dispersed, firm yet flexible comfort.
- ▶ Backrests are sustained by flexible, sinuous springs for resilient support and stability.
-  Seat-cushion cores contain flexible, interconnected recycled-steel coils, which provide additional support and continuous comfort.
-  Cushion cores are made with dense, eco-friendly foam made partly from sustainable, plant-based material.
-  Seat cushions are padded with sterilized down, feathers, and poly-fiber to create a relaxing, "sink-into" feel.
- ▶ Cushions are wrapped in cotton, down-proof casings to maintain their shape. Channel-stitching keeps padding in place for added resilience.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.
