## naturally elegant design

Inspired by the granite shorelines of Barcelona, our classically styled Luca Dining Collection complements hand-carved stone with the beauty of natural wood. Solid Finnish pine wood is artfully hand-finished, while stunning slabs of bluestone and white marble are cut and carefully shaped. Frames are durably assembled by our craftsmen, who sculpt each elegant curve, adding subtle accents to each surface. Then, finishes are carefully layered and distressed to highlight the materials' naturally varying color and texture, imparting each piece with a rugged beauty that will form a perfect focal point in your dining space.
