expertly upholstered in artisan-finished leather

our Rowland Motion Collection evokes an elevated yet casual aesthetic that celebrates the quality of its craftsmanship. Simply adorned with a hand-sewn, flanged edge, Rowland's cushions provide "sink-into" comfort and resilient support, while its two-button motion control allows for reclining and complete relaxation.

product details

- ▶ Our aniline-dyed leathers are hand-finished to accentuate their natural color and grain, while preserving the features that make each piece unique.
- ▶ Craftsman-built frames are constructed from solid hardwood for lasting strength and durability.
- ▶ Frames feature a no-sag, recycled-steel, sinuous support system beneath seat cushions for evenly dispersed, firm yet flexible comfort.
- ▶ Backrests are sustained by flexible webbing for added support and stability.
- ▶ Cushions are padded with dense foam and feathers to create a relaxing "sink-into" feel.
- ▶ Each Rowland Motion Recliner features a 10.5' L cord and power motor. Electricity is required to recline.
- ▶ A luxuriously smooth and simple two button motion control that reclines the back and elevates the front.
- ▶ Please allow 12" of clearance behind the recliner to properly recline.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.
