contemporary rustic cabinetry

Functional design at its best, our Sullivan Collection is artisan-crafted to frame your space in a grounded, contemporary aesthetic. Built by hand using sustainably sourced and reclaimed oak wood complemented by oversized iron hardware, each hand-stained surface features a smooth, contemporary finish that accentuates the natural character of the wood. These cabinets perfectly balance practicality, craftsmanship, and chic styling with sliding cabinet doors that can be easily moved to reveal or conceal media components, décor, or storage.

product details

- ▶ Sullivan cabinets finished in Northman Oak or Northman Sable are handcrafted by artisans from reclaimed European oak, sustainably sourced solid oak, and oak veneers.
- ▶ Reclaimed European oak used in cabinet doors and drawers is salvaged from wood beams—showcasing natural weathering, unique cracks, joint lines, and saw marks that make each piece one-of-a-kind.
- ▶ Cracks in reclaimed oak are filled with black resin to ensure a smooth surface and add unique detail to each piece.
- ▶ In addition to its stunning, organic appeal, our reclaimed wood is treasured in many of our collections as a contribution to preserving healthy and sustainable eco-systems.
- ▶ Sullivan cabinets finished in Northman Cinder are made from sustainably sourced new oak.
- ▶ Surfaces are hand-sanded, coated with several layers of rich glaze to emphasize the wood's natural beauty, then sealed with a matte lacquer for added protection.
- ▶ Sliding cabinet doors complemented by solid iron handles move easily to reveal or conceal shelving, providing options for both storage and display.
