artisan-crafted antiques

Time-honored furniture-building techniques and the magnificent one-of-a-kind finishing expertise of our Chinese artisans shape our Waverly Cabinets into worthy pieces of art. This collection's reclaimed pine frames are hand-finished and distressed to impart a distinct timeworn appearance. Multiple layers of color are applied to doors and artfully removed to create richly textured, almost watercolor-like patinas—similar to those found on hundred year old antiques. Beautifully antiqued iron hardware and delicately detailed carvings allow this exquisite finishing to take center stage.
